

1 September 2020

Dear Parents,

Welcome back to school! I hope you had a nice family time with your kids during the summer. Our students are looking forward to a new school year now.

This morning teachers and students were glad to see each other via Google Meet, and then attended the online school opening assembly together. Tomorrow, we will start our online learning arrangement. It is understood that parents especially those working mums and dads may be concerned about online learning of their children at home. Don't worry, we have confidence that senior students can manage well. For junior students, our teachers will make appropriate adjustments depending on the actual context. Trust our kids who are fast learners.

Accept that changes happen all the time

"Into the Unknown - Building Resilience" is the theme of this school year, which will guide our teachers and students to think about how to build a peaceful heart and a proper attitude to face changes or uncertainties.

As you may know, 「任何一天、任何一刻，也可以是新的開始.....」 is the 3<sup>rd</sup> book published by our school. This book will give some inspirations to students as well as parents about how to re-organize and reflect the daily life of ourselves. It will be available for sales at school and bookstores. We will issue an E-Cir about this event very soon.

Look for the positives in the situation

Last but not least, let's keep up the good home-school cooperation, and be supportive to each other. We look forward to seeing our students at the school campus in late September. May our students have a good start, and grow up fast! I wish everyone a healthy and joyful 2020/21.

Yours sincerely,

Principal Derek Yeung
